# Gladiolus Bulbs

## Price List

*FALL and SPRING*

*1945-1946*

**J. C. Van Lierop**

Leading Flower Bulb Specialists

Hartford, Michigan

The long drawn out Spring has made the crops from two to three weeks late. However, weather conditions are ideal at present. This may give crops a chance to catch up.

Labor conditions are far from normal as yet. Harvest time will again prove very difficult, mostly all growers are already worried about getting their bulbs dug this coming Fall. Our suggestion is, play safe and place your Gladiolus bulb order early.
